# Age Play

Ageplay or age play is a form of roleplaying in which an individual acts or treats another as if they were a different age. Ageplay is roleplaying between adults, and involves consent from all parties. Ageplay is not necessarily sexual. Portraying any age can be the goal of ageplay, from babies to a child to the elderly. Usually this involves someone pretending to be younger than they actually are, but more rarely can involve assuming an older role
